4　説明会の開催　本公表に基づく導入説明会を開催する。
(1)　開催日時　平成30年10月16日10時00分
(2)　開催場所　鳥取大学医学部附属病院会議室(3)
5　その他　この導入計画の詳細は導入説明書による。なお、本公表内容は予定であり、変更することがあり得る。
6　Summary
(1)　Classification of the products to be procured : 14
(2)　Nature and quantity of the products to be rent : Integrated Hospital Information System 1 Set
(3)　Type of the procurement : Rent
(4)　Basic requirements of the procurement : (A) The system must equally integrate the clinical information system, the nursing information system and the accounting system that used be unequally unified in our hospital, for the purpose of contribution to the community medicine and of the effective administration of our business in terms of the comprehensive assistance for our clinical service, with various hospital management functions, i.e. risk management functions for patient safety／security and outcome management functions like financial analyses or care process evaluations. (B) The system must have the functions required for the disclosure of medical records, for the analysis of medical risk-factors for the appraisal by a third party, and satisfy "Guidelines on Safety Management of Medical Information System (5th Edition)" by the Ministry of Health, Labor and Welfare in 2017. (C) The system must consist of the core system EMR, order entry nursing support patient schedule management, picture Archiving and Communication System etc.), the departmental system (radiology, endoscopy, laboratory, pathology, pharmacy, rehabilitation, blood transfusion, medical library, Operation room／anesthesia, diet, accounting SPD, administrative management nursing staff management, etc.), the liaison／patient service system (community medicine support, patient pager, etc.) and common infrastructure system (patient satisfaction／safety management, usability support, office business support, security management, education／research support, etc.). (D) To reduce the user's workload, (1) the usability of client terminals in the system must be uniformly managed with high-order man machine interfaces ; (2) the redundant data input by the user must be avoided by the effective liaison between each function of the system and the existent subsystem. (E) The existent subsystems and medical equipment must work as they do in our current environment by being connected to the system through the current network. (F) The system must demonstrate a "consecutive 24-hour-365-day" availability with a reliable and appropriate performance. (G) The system must have the competent functions for the security administration and for the trouble prevention. Comprehensive framework for the system maintenance must be demonstrated to provide the immediate maintenance／recovery service. (H) Technical information or specialized knowledge for handling the system must be provided with the users through proper instructions. (I) All clinical and administrative data stored in the current hospital information system must be transferred converted to and be available through the new system. The technical information for transferring the data in the new system to other system must be provided with our hospital in case of necessity. Our hospital must be granted permission to give the information to a third party, limiting its use to the data convention.
(5)　Time limit for the submission of the requested material : 17 : 00　9　November, 2018
(6)　Contact point for the notice : Shuji Sumita, Hospital Logistics Section, Accounting and Procurement Division,Yonago Administration Office, Tottori University, 36―1 Nishi-cho Yonago-shi 683―8504 Japan, TEL 0859―38―7068

○第５号

1　調達内容
(1)　品目分類番号　15、28
(2)　導入計画物品及び数量　診療支援ネットワークシステム　一式
(3)　調達方法　借入
(4)　導入予定時期　平成31年度１月以降
(5)　調達に必要とされる基本的な要求要件
(A)　本システムは、新病院情報管理システムに適合可能なServer-Based Computing systemとネットワークシステムを提供すること。(B)　本システムは、病院情報管理システムとの密な連携により、病院情報システム利用者にて対して診療情報を高速かつ安全に配信する仕組みを有すること。(C)　本システムは、本院の現行の病院情報システムに適合可能であること。(D)　本システムは、充分なセキュリティ管理機能および障害対策機能を備えること。(E)　本システムの運用上必要となる技術情報を提供し、必要に応じて本学職員への教育訓練を行うこと。(F)　本システムに帯する包括的な運用保守管理体制を有し、保守サービスを迅速に提供すること。
2　資料及びコメントの提供方法　上記１(2)の物品に関する一般的な参考資料及び同(5)の要求要件等に関するコメント並びに提供可能なライブラリーに関する資料等の提供を招請する。
(1)　資料等の提供期限　平成30年11月９日17時00分（郵送の場合は必着のこと。）
(2)　提供先　〒683―8504 米子市西町36―１　鳥取大学米子地区事務部経理・調達課病院物流係　角田　修二　電話0859―38―7068
3　説明書の交付　本公表に基づき応募する供給者に対して導入説明書を交付する。
(1)　交付期間　平成30年10月９日から平成30年11月９日まで。
(2)　交付場所　上記２(2)に同じ。
4　説明会の開催　本公表に基づく導入説明会を開催する。
(1)　開催日時　平成30年10月16日11時00分
(2)　開催場所　鳥取大学医学部附属病院会議室(3)
5　その他　この導入計画の詳細は導入説明書による。なお、本公表内容は予定であり、変更することがあり得る。
6　Summary
(1)　Classification of the products to be procured : 15, 28
(2)　Nature and quantity of the products to be rent : Clinical network support system 1 Set
(3)　Type of the procurement : Rent
(4)　Basic requirements of the procurement : (A) The system must provide a server-based computing system and a network system which are able to be deployed to the new hospital information system. (B) The system must be capable of transferring health information to system users with a fast and secure method by close connection with the hospital information system. (C) The system must be deployed to the current hospital information system. (D) The system must have the competent functions for the security administration and for the trouble prevention. (E) Technical information or specialized knowledge for handling the system must be provided for the users through proper instructions. (F) Comprehensive framework for management and maintenance of the system must be demonstrated to provide immediate maintenance services.
