⑩ have experience in documentary inspections and visual inspections of asbestos and retain a qualified staff member licensed and registered as a class I working environment measurement expert (limited to inspection of mineral dust) as set forth in the Working Environment Measurement Act (Act No. 28 of 1975), a certified environmental measurer (limited to measurement related to density) as set forth in the Measurement Act (Act No. 51 of 1992), or a first class architect or second class architect as set forth in the Act on Architects and Building Engineers (Act No. 202 of 1950).

⑪ have Grade "A, B, C or D" in offer of services etc. in terms of the qualification for participating in tenders by the Organization in the Kinki area related to the Ministry of Finance (Single qualification for every ministry and agency) in the fiscal years 2019, 2020 and 2021.

⑫ have Grade "A, B or C" in Scaffolding, Civil Works, Concrete Works, or Construction Consultant, or "A, B, C or D" in General Civil Engineering of the qualification for participating in tenders by the Organization in the Kinki area related to the Ministry of Finance in the fiscal years 2019 and 2020.

⑬ Fulfill business listed in Article 3, Paragraph (1), item (i)(ii)(iii) and (vi) of the land and house investigator act (act No. 228 of 1950) without violating of Article 68 of the same act.

⑭ Submission of Tender by Tendering Group

(i) In cases where, due to geographical locations and other factors, a single supplier is unable to implement all the services, a tender may be submitted by a group of two or more service suppliers capable of properly implementing the unused state-owned land management services in the relevant service area (hereinafter the "tendering group"). In such case, one of the tendering group members, acting as the representative of the group, shall submit the proposal and take the tender procedures in such representative's name. For making an application for participation in tender procedures, a tendering group is required to prepare a written agreement for the creation of a tendering group and submit it.

For implementing the unused state-owned land management services, the representative of the tendering group shall be responsible for coordination and liaison with the government. In addition, the tendering group members shall also coordinate with the government so that the services will be implemented in a smooth and efficient manner.

A tendering group member may not, solely or jointly with another tendering group participating in the same tender, submit the tender.

(ii) A representative of the group shall satisfy all of the requirements specified in items ① to ⑦ above and ⑮ below. Members of the group shall satisfy all of the requirements specified in items ① to ⑬ above. Furthermore, the whole tendering group shall satisfy all of the requirements specified in items ⑧ to ⑬ above. Has the representative and members of the group each at least "tendering qualification" 1 or more.

⑮ have participated in the tender explanation meeting.

⑯ have received the tender explanation form.
