(1) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly, throughout a 365 day period that includes the date on which entitlement to the dividends is determined (for the purpose of computing that period, no account shall be taken of changes of ownership that would directly result from a corporate reorganisation, such as a merger or divisive reorganisation, of the company that holds the shares of the company paying the dividends or that pays the dividends), at least 25 per cent of:

(I) in the case where the company paying the dividends is a resident of Japan, the voting power of that company;

(II) in the case where the company paying the dividends is a resident of Serbia, the capital of that company;

(2) 10 per cent of the gross amount of the dividends in all other cases.

3. Notwithstanding the provisions of paragraph 2, dividends which are deductible in computing the taxable income of the company paying the dividends in the Contracting State of which that company is a resident may be taxed in that Contracting State according to the laws of that Contracting State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

4. The provisions of paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

5. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other Contracting State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other Contracting State.

ARTICLE 11
INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, interest arising in a Contracting State may also be taxed in that Contracting State according to the laws of that Contracting State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be taxable only in the other Contracting State if:

(1) the interest is beneficially owned by that other Contracting State, a political subdivision or local authority thereof, the central bank of that other Contracting State or any institution wholly owned by that other Contracting State or a political subdivision or local authority thereof; or
