For the purposes of Chapter 2 (National Treatment and Market Access for Goods) of the TPP as incorporated into the CPTPP, a Party may set out tariff commitments that shall be accorded to the originating goods of the United Kingdom in Annex A (Party-Specific Tariff Commitments to the United Kingdom) of this Protocol.

3. For greater certainty, this does not provide for retroactive preferential tariff treatment for originating goods imported prior to the date of entry into force of this Protocol for that Party, nor does this provide for access to tariff rate quotas provided for in the CPTPP for the quota years prior to the date of entry into force of this Protocol for that Party. Further, quota years that have lapsed prior to the date of entry into force of this Protocol for that Party shall not be available for imports, nor shall such volumes be carried forward; and

For greater certainty, this does not provide for retroactive preferential tariff treatment for originating goods imported prior to the date of entry into force of this Protocol for that Party, nor does this provide for access to tariff rate quotas provided for in the CPTPP for the quota years prior to the date of entry into force of this Protocol for that Party. Appendix A to the Tariff Schedule of Canada: Tariff Rate Quota of Canada Specific to the United Kingdom

Section A: General Provisions

1. This Appendix sets out the modifications to the Schedule to Canada's *Customs Tariff* that reflect the country-specific tariff rate quota (CSQ) that Canada shall apply to certain originating goods of the United Kingdom under this Agreement. In particular, originating goods of the United Kingdom included under this Appendix shall be subject to the rates of duty set out in this Appendix in lieu of the rates of duty specified in Chapters 1 through 97 of the Schedule to Canada's *Customs Tariff*. Notwithstanding any other provision of Canada's *Customs Tariff*, originating goods under this Agreement in the quantities described in this Appendix shall be permitted entry into the territory of Canada as provided in this Appendix. Furthermore, any quantity of originating goods of the United Kingdom under the CSQ provided for in this Appendix shall not be counted toward the in-quota quantity of any TRQ provided for such goods under Canada's WTO tariff schedule or any other trade agreement.

2. The products covered by the CSQ set out in Section B are informally identified in the title to the paragraph setting out the CSQ. The title is included solely to assist readers in understanding this Appendix and shall not alter or supersede the coverage established through identification of covered codes of Canada's *Customs Tariff*.

3. Canada shall administer the CSQ set out in Section B of this Appendix according to the following provisions:

(a) Canada shall administer the CSQ through an import licensing system.

(b) Notwithstanding the definition of "year" provided in paragraph 6(c) of Section A to Annex 2-D of the TPP as incorporated into the CPTPP, **quota year** in this Appendix means the 12-month period over which the CSQ applies and is allocated. **Quota year 1** means the period from January 1, 2023 through December 31, 2023, and with respect to each subsequent quota year, the twelve-month period beginning on January 1 of that year. For greater certainty, quota years that have lapsed prior to the date of entry into force of this Agreement for the United Kingdom and Canada shall not be available for imports, nor shall such volumes be carried forward. If this Agreement enters into force for Canada and the United Kingdom during a quota year, the quota quantity for that year shall be prorated in accordance with Article 2.30.2 (Allocation), *mutatis mutandis*.

(c) Canada will allocate the CSQ each quota year to applicants determined to be eligible in accordance with the *Export and Import Permits Act* and its regulations for the import of these products. In assessing eligibility, Canada shall not discriminate against applicants who have not previously imported the

product subject to the CSQ but who meet the residency, activity and compliance criteria.

4. Canada's CSQ shall apply to originating goods of the United Kingdom.

5. For the purposes of this Appendix, the term "metric tonnes" shall be abbreviated as "MT".

Section B: CSQ

6. **CSQ-CA1: Beef and Veal**

(a) The aggregate quantity of originating goods described in subparagraph (c) that shall be permitted to enter duty-free in each quota year under this CSQ is:

Quota Year	Aggregate Quantity (MT)
1	2,600
2	3,756
3	4,912
4	6,068
5	7,224
6	8,380
7	9,536
8	10,692
9	11,848
10	13,000

Starting in year 10, the quantity shall remain at 13,000 MT per year.

(b) Goods entered in aggregate quantities in excess of the quantities set out in subparagraph (a) shall continue to receive MFN tariff treatment.

(c) This paragraph applies to the following tariff items: 0201.10.20, 0201.20.20, 0201.30.20, 0202.10.20, 0202.20.20 and 0202.30.20.

Schedule of Chile's Tariff Commitments to the United Kingdom

1. Except as provided in this Schedule, Chile shall progressively eliminate its customs duties on originating goods of the United Kingdom in accordance with its Schedule to Annex 2-D of the TPP as incorporated into the CPTPP.

2. For the purposes of Chile's tariff commitments to the United Kingdom under this Protocol, year 1 shall be taken to have commenced on December 30, 2018.

3. The following staging categories shall apply to originating goods of the United Kingdom:

(a) customs duties on originating goods of the United Kingdom provided for in the items in staging categories CL-UK-Wheat and CL-UK-Sugar, as set out in Table 1, shall be as established for the same items in the *Agreement establishing an Association between the United Kingdom of Great Britain and Northern Ireland and the Republic of Chile*, done at Santiago on January 30, 2019; and

(b) customs duties on originating goods of the United Kingdom provided for in the items in Table 2 shall be subject to the staging categories specified in that Table.

Adjustment of the Tariff Schedule of Japan for the United Kingdom

Section A: Adjustment of the Tariff Schedule of Japan for the United Kingdom under the CPTPP

Notwithstanding paragraph 2 of Section A (Notes for Appendix B-1), paragraph 1 of Section B (Agricultural Safeguard Measure for Beef), paragraph 1 of Section C (Agricultural Safeguard Measure for Pork), paragraph 1 of Section D (Agricultural Safeguard Measure for Processed Pork), paragraph 1 of Section E (Agricultural Safeguard Measure for WPC), paragraph 1 of Section F (Agricultural Safeguard Measure for Whey Powder) and paragraph 1 of Section G (Agricultural Safeguard Measure for Fresh Oranges) of Appendix B-1 (Agricultural Safeguard Measures) to the Tariff Schedule of Japan to Annex 2-D (Tariff Commitments) of the TPP as incorporated into the CPTPP (hereinafter referred to as "Appendix B-1"), the following additional provisions shall apply to the conditions and the terms for the application of an agricultural safeguard measure on originating agricultural goods from the United Kingdom[1]:

(a) In accordance, *mutatis mutandis*, with the terms set out in Appendix B-1, Japan may also apply an agricultural safeguard measure on the originating agricultural goods provided for in the tariff items indicated with "SG1*", "SG1**", "SG2" (imported at a price less than the threshold price set out in paragraph 1 of Section C of Appendix B-1 (hereinafter referred to as the "threshold price under the CPTPP")), "SG4*", "SG4**" or "SG5" in Column "Remarks" in the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP (hereinafter referred to as "SG1* goods", "SG1** goods", "SG2 goods below the threshold price", "SG4* goods", "SG4** goods" and "SG5 goods" respectively) from the United Kingdom, if the aggregate volume of imports[2] of those originating agricultural goods from all the other Parties and the United Kingdom under the CPTPP, and corresponding imports of the originating goods, as defined in Article 3.2.1 (Requirements for originating products) of the *Agreement between the United Kingdom of Great Britain and Northern Ireland and Japan for a Comprehensive Economic Partnership*, done at Tokyo on 23 October 2020 (UK-Japan CEPA) (hereinafter referred to as "UK-Japan CEPA originating goods"), which can be classified under the tariff items indicated with "SG1*", "SG1**", "SG2", "SG4*", "SG4**" or "SG5" in Column "Remarks" in the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP, from the United Kingdom for the following period exceeds the trigger level set out in paragraph 1 of Section B, paragraph 1(c)(ii) or (d)(ii) of Section C, paragraph 1 of Section E, paragraph 1 of Section F or paragraph 1 of Section G of Appendix B-1 respectively:

(i) with respect to SG1* goods, SG1** goods, SG2 goods below the threshold price, SG4* goods and SG4** goods: for the year; and

(ii) with respect to SG5 goods: between December 1 and March 31 for the fiscal year.

(b) In accordance, *mutatis mutandis*, with the terms set out in Section A and the relevant provisions of Section B, including in particular paragraph 5, of Appendix B-1, if, during any year from Year 11 through Year 15, the aggregate volume of imports[3] of SG1* goods or SG1** goods from all the other Parties and the United Kingdom, and corresponding imports of the UK-Japan CEPA originating goods, which can be classified under the tariff items indicated with "SG1*" or "SG1**" in Column "Remarks" in the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP, from the United Kingdom in any quarter exceeds the quarterly safeguard trigger volume set out in paragraph 5(b) of Section B of Appendix B-1, Japan may also increase the rate of customs duty for SG1* goods or SG1** goods from the United Kingdom.

(c) With regard to the conditions for the application of an agricultural safeguard measure set out in paragraphs 1(c)(i) and (d)(i) of Section C, and paragraphs 1(b) and (c) of Section D of Appendix B-1 on originating agricultural goods from the United Kingdom:

(i) The aggregate volume of imports of the UK-Japan CEPA originating goods, which can be classified under the tariff items indicated with "SG2" (imported at a price equal to or greater than the threshold price set out in the footnote to paragraph 1(b)(i) of Sub-Section 3 (Agricultural safeguard measure for pork) of Section C (Agricultural safeguard measures) of Part 3 (Tariff elimination and reduction – Japan) of Annex 2-A (Tariff Elimination and Reduction) of the UK-Japan CEPA (hereinafter referred to as the "threshold price under the UK-Japan CEPA")) or "SG3" in Column "Remarks" in the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP, from the United Kingdom, shall be counted towards the aggregate volume of imports of the originating agricultural goods provided for in the tariff items indicated with "SG2" (imported at a price equal to or greater than the threshold price under the CPTPP) or "SG3" in Column "Remarks" in the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP (hereinafter referred to as "SG2 goods at or above the threshold price" and "SG3 goods" respectively) from the United Kingdom under the CPTPP, in determining whether the aggregate volume of imports of the originating agricultural goods from the United

[1] For greater certainty, nothing in this Section shall affect the conditions and terms for the application of an agricultural safeguard measure on originating agricultural goods from other Parties, for which Appendix B-1 shall continue to apply without any additional provisions.

[2] For greater certainty, with respect to SG1* goods and SG1** goods, paragraph 10(a) of Section B of Appendix B-1 applies in calculating "the aggregate volume of imports".

[3] For greater certainty, paragraph 10(a) of Section B of Appendix B-1 applies in calculating "the aggregate volume of imports".

Kingdom under the CPTPP exceeds the applicable trigger level in accordance with paragraph 1(c)(i) or (d)(i) of Section C or paragraph 1(b) or (c) of Section D of Appendix B-1.

(ii) In determining the applicable trigger level for the originating agricultural goods from the United Kingdom in accordance with paragraphs 1(c)(i) and (d)(i) of Section C and paragraphs 1(b) and (c) of Section D of Appendix B-1, the aggregate volume of imports of the UK-Japan CEPA originating goods, which can be classified under the tariff items indicated with "SG2" (imported at a price equal to or greater than the threshold price under the UK-Japan CEPA) or "SG3" in Column "Remarks" in the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP, from the United Kingdom shall be counted towards the annual aggregate volume of imports referred to in those provisions of Appendix B-1.

(iii) If the period between the date of entry into force of this Protocol for Japan and the following March 31 is less than 12 months, the applicable trigger level for SG2 goods at or above the threshold price and SG3 goods from the United Kingdom for the year for the purposes of subparagraph (ii) above and paragraphs 1(c)(i) and (d)(i) of Section C and paragraphs 1(b) and (c) of Section D of Appendix B-1 shall be determined by multiplying the trigger level that would be applicable pursuant to those provisions if it were a complete year by a fraction the numerator of which shall be the number of months between the date of entry into force of this Protocol for Japan and the following March 31 and the denominator of which shall be 12. For the purpose of determining the numerator specified in the previous sentence and for the purpose of determining the applicable trigger level in accordance with the previous sentence, any fraction of less than 1.0 shall be rounded to the nearest whole number (in the case of 0.5, the fraction shall be rounded to 1.0).

(d) For greater certainty, the term "a safeguard measure under this Section" in paragraphs 2(a)(v) and (b)(viii) of Section B of Appendix B-1, the term "an agricultural safeguard measure set out in this Section" in paragraph 2(e) of Section E and paragraph 2(d) of Section F of Appendix B-1, and the term "an agricultural safeguard measure under this Section" in paragraph 6 of Section B, paragraph 4 of Section E and paragraph 4 of Section F of Appendix B-1, shall not include an agricultural safeguard measure applied in accordance with subparagraphs (a) and (b) above.

(e) Notwithstanding subparagraphs (a) and (b) above and paragraphs 1 and 5 of Section B of Appendix B-1, if any two or more of the conditions set out in those provisions are being met for SG1* goods or SG1** goods at the same time, Japan may maintain an agricultural safeguard measure on such goods from the United Kingdom under those provisions until the latest of the end of the period provided for in paragraph 3 of Section B of Appendix B-1 or the 90-day period provided for in paragraph 5(a) of Section B of Appendix B-1.

(f) For greater certainty, when any of the conditions set out in Sub-Sections 2 (Agricultural safeguard measure for beef) through 7 (Agricultural safeguard measure for fresh oranges) of Section C of Part 3 of Annex 2-A of the UK-Japan CEPA have been met, but the conditions set out in subparagraph (a) or (b) above or Sections B through G of Appendix B-1, which correspond to the first-mentioned conditions, have not been met, further imports of the originating agricultural goods in connection with the latter conditions from the United Kingdom under the CPTPP shall be subject to the rate of customs duty which is determined in accordance with the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP.

(g) For greater certainty, when any of the conditions set out in subparagraph (a) or (b) above or Sections B through G of Appendix B-1 have been met, and the conditions set out in Sub-Sections 2 through 7 of Section C of Part 3 of Annex 2-A of the UK-Japan CEPA, which correspond to the first-mentioned conditions, have been met, then imports of the originating agricultural goods in connection with the former conditions from the United Kingdom under the CPTPP shall be subject to the rate of customs duty which is determined in accordance with the relevant provisions of Sections A through G of Appendix B-1.

Section B: Adjustment of the Tariff Schedule of Japan under the UK-Japan CEPA

(a) In implementing the commitment on SG1* goods, SG1** goods, SG2 goods below the threshold price, SG2 goods at or above the threshold price, SG3 goods, SG4* goods, SG4** goods and SG5 goods, Japan and the United Kingdom agree that, notwithstanding paragraph 2 of Section A (Notes for the Schedule of Japan), paragraphs 1 and 5(b) of Sub-Section 2, paragraph 1 of Sub-Section 3, paragraph 1 of Sub-Section 4 (Agricultural safeguard measure for processed pork), paragraph 1 of Sub-Section 5 (Agricultural safeguard measure for whey protein concentrate (WPC)), paragraph 1 of Sub-Section 6 (Agricultural safeguard measure for whey powder) and paragraph 1 of Sub-Section 7 of Section C of Part 3 of Annex 2-A of the UK-Japan CEPA, the aggregate volume of imports of the originating agricultural goods from the United Kingdom under the CPTPP shall be counted towards the aggregate volume of corresponding imports of the UK-Japan CEPA originating goods, which can be classified under the tariff lines indicated with "SG1*", "SG1**", "SG2" , "SG3", "SG4*", "SG4**" or "SG5" in Column "Remarks" in the Tariff Schedule of Japan to Annex 2-D of the TPP as incorporated into the CPTPP, from the United Kingdom, in determining whether the conditions set out in Sub-Sections 2 through 7 of Section C of Part 3 of Annex 2-A of the UK-Japan CEPA are met.

(b) In determining the applicable trigger level in accordance with paragraphs 1(b)(i) and (c)(i) of Sub-Section 3 and paragraph 1 of Sub-Section 4 of Section C of Part 3 of Annex 2-A of the UK-Japan CEPA, the aggregate volume of imports of SG2 goods at or above the threshold price and SG3 goods from the United Kingdom shall be counted towards the annual aggregate volume of imports referred to in those provisions.

(c) For greater certainty, when any of the conditions set out in subparagraph (a) or (b) of Section A above or Sections B through G of Appendix B-1 have been met, but the conditions set out in Sub-Sections 2 through 7 of Section C of Part 3 of Annex 2-A of the UK-Japan CEPA, which correspond to the former conditions, have not been met, further imports of the UK-Japan CEPA originating goods in connection with the latter conditions from the United Kingdom shall be subject to the rate of customs duty which is determined in accordance with Section A of Part 3 of Annex 2-A of the UK-Japan CEPA.

APPENDIX A

TARIFF RATE QUOTAS OF THE UNITED KINGDOM

Section A: General Provisions

1. This Appendix sets out the country-specific tariff rate quotas (TRQs) that the United Kingdom shall apply to certain originating goods of Parties under this Agreement. In particular, originating goods of Parties included under this Appendix shall be subject to the rates of duty set out in this Appendix in lieu of the rates of duty specified in Chapters 1 through 97 of the *Tariff of the United Kingdom*. Notwithstanding any other provision of the *Tariff of the United Kingdom*, originating goods of Parties in the quantities described in this Appendix shall be permitted entry into the territory of the United Kingdom as provided in this Appendix. Furthermore, any quantity of originating goods imported from a Party under a TRQ provided for in this Appendix shall not be counted toward the in-quota quantity of any TRQ provided for such goods under the United Kingdom's WTO Tariff Schedule or any other trade agreement.

2. For the purposes of this Appendix, **year 1** means the period from January 1, 2023 through December 31, 2023 and, with respect to each subsequent year, the 12-month period which starts on January 1 of that year.

3. If this Agreement enters into force for the United Kingdom during a TRQ year, the quota quantity for that year shall be calculated in accordance with Article 2.30.2 (Allocation) of the TPP as incorporated into the CPTPP.

4. With respect to CSQ-UK1 to CSQ-UK6, the United Kingdom may change the administration of a TRQ in this Appendix from a first-come, first-served system to an import licensing system, or return from an import licensing system to a first-come, first-served system in accordance with the following conditions:

(a) if 75 per cent or more of the annual aggregate quantity is imported into the United Kingdom under a TRQ for two consecutive years, the United Kingdom may change the administration of the TRQ for the following years to an import licensing system;

(b) if, subsequent to the change from a first-come, first-served system to an import licensing system as referred to in paragraph 4(a), less than 75 per cent of the annual aggregate quantity is imported into the United Kingdom under a TRQ in a given year, the United Kingdom and the Parties subject to the CSQ may consider returning to a first-come, first-served system following consultations between the United Kingdom and the Parties subject to the CSQ on the necessity and opportunity of such change;

(c) the United Kingdom shall publish a notice of its intention to change the system of administration of the TRQ and shall inform the Parties by providing the relevant website links that provide notification;

(d) the change shall only take effect from January 1 of the year following publication of that notice; and

(e) the publication of the notice shall occur at least 90 days prior to the change taking effect.

5. With respect to CSQ-UK1 to CSQ-UK6, if the United Kingdom changes to an import licensing system as per paragraph 4(a), the United Kingdom may:

(a) require that, to be eligible for quota allocation, an applicant is established in the United Kingdom and registered under the *Value Added Tax Act 1994*;

(b) require that an applicant provide evidence of having imported, at any point during the relevant reference period[1], at least 25 tonnes of goods of a description falling within the same sector as specified on the licence application, but shall not otherwise discriminate against eligible applicants who have not previously imported the product;

(c) require that an applicant pay a security, to be received within the same time limit as a quota application, with the security to be limited to the approximate amount required to dissuade speculative acquisition of TRQ licenses; or

(d) proportionally reduce each licence application if a quota is oversubscribed, using a uniform allocation coefficient that shall be made public.

6. The product or products covered by each TRQ set out in Section B of this Appendix are informally identified in the title to the paragraph setting out the TRQ. These titles are included solely to assist readers in understanding this Appendix and shall not alter or supersede the coverage established through identification of covered tariff items of the *Tariff of the United Kingdom*.

7. For the purposes of this Appendix, the term "metric tonnes" shall be abbreviated as "MT".

[1] "Relevant reference period" means the 12-month period ending two months before an application can be submitted for any given quota year and the 12-month period immediately prior to that.

8. Unless otherwise specified in Section B of this Appendix, each TRQ set out in this Appendix shall apply to an aggregate quantity of originating goods of any Party identified in the first subparagraph of the paragraph setting out the TRQ. For the purposes of this Appendix, an originating good shall be deemed to be of the Party identified in the first subparagraph of the paragraph setting out the TRQ if the United Kingdom would apply for that good the rate of customs duty for the originating good of that Party pursuant to paragraph 8 of Section B (Tariff Differentials) of Annex 2-D (Tariff Commitments).
