(i) means the measure as in force as of the date of signing of this Agreement, unless otherwise provided for in the Measures element; and

(ii) includes any subordinate measure maintained, modified or adopted under the authority of and consistent with the measure, unless otherwise provided for in the Measures element; and

Note: It is understood that the Classified Compilation of the federal legislation (SR) is indicated only for transparency purposes and shall by no means override the measure as in force at the date of signing.

(g) "Description" sets out, with regard to the obligations referred to in paragraph 1, the non-conforming aspects of the measures for which the reservation is taken.

3. Reservations are sequenced in the following order:

- Reservations covering all sectors (horizontal measures);
- Reservations covering specific sectors (sequenced according to the CPC);
- Reservations covering sectors to which no obvious CPC numbers could be assigned for the moment;
- Reservations covering various sectors.

4. The interpretation of a reservation in the meaning of this Appendix shall be made in accordance with international law and in the light of the relevant provisions of Chapter 6. In particular:

(a) if the Measures element is marked as being "qualified by the Description element", the Measures element as so qualified shall prevail over all other elements; and

(b) if the Measures element is not so qualified, the Measures element shall prevail over all other elements. However, if any element is substantially and materially more precise than the Measures element, then that element shall be taken into consideration when determining the scope and/or meaning of the reservation. In particular, if the Measures element merely contains a general reference such as "cantonal legislations", then any other more specific element shall prevail; and

(c) the "Qualification" in the Description element applies to the levels of government indicated in the Level of Government element, unless more narrowly specified in the Qualification.

5. In case some fields of legislative competences are transferred in the future from federal to sub-federal level or vice-versa or from sub-federal to municipal level or *vice-versa*, Switzerland reserves the right to adapt the list of reservations correspondingly. The level of commitment shall not be decreased.

6. The fact that a reservation mentions a particular measure as well as the description of a particular measure shall not be used to infer that the provisions of Chapter 6 necessarily cover that measure.

7. Any activity that is not classified in Chapters 5 to 9 of the CPC is not considered as a service under Chapter 6.
