3　説明書の交付　本公表に基づき応募する提供者に対して導入説明書を交付する。
⑴　交付期間　平成21年８月31日から平成21年10月２日まで。
⑵　交付場所　上記２⑵に同じ
4　その他
この導入計画の詳細は導入説明書による。
なお、本公表内容は予定であり、変更することがあり得る。
5　Summary
⑴　Classification of the services to be procured : 22, 31
⑵　Nature and quantity of the services to be required : Hospital information system 1 set and system maintenance commission for 5 years.
⑶　Type of the procurement : Purchase
⑷　Basic requirements of the procurement :
①　This system should generally support the medical care services and business management at National Hospital Organization Shikoku Cancer Center. This should be the system which can control and refer to all aspects in following works.
Ⓐ　Electric medical record system and ordering system. (medical record input, medical record format compile, medical record history reference, test result reference, medical examination and care reservation, examination reservation, operation reservation, prescription instructions, injection instructions, medication teaching instructions, treatment instructions, operation instructions, examination instructions, radiation instructions, rehabilitation instructions, diet instructions, nutrition teaching instructions, hospitalization and discharge instructions, ward movement instructions, nursing instructions, DPC input, critical path instructions, disease name input, etc)
Ⓑ　The Section system (medical affairs account, DPC request, DPC analysis, automatic second coming reception, automatic adjustment, credit management, medical certificate making management, local medical care's cooperation support, cancer registration management, materials management, cost management, compounding of medicines support {prescription, compounding machine connection, medicine information, injection information}, medicine management instructions, regimen management, blood derivatives, laboratory test support {biochemistry／blood／general examination／serum／outside order examination, drawing blood preparation and reception, bacteria examination, pathological examination}, endoscopic examination, physiologic examination support {echographic image processing／reference／delivery, report making}, nursing support {sickbed management, nursing diagnosis, nursing support, seriously-illness ward management, bedsore management, risk management}, rehabilitation, nutrition support {nutritional assessment, nutritional management, NST, etc}, Radiation support {image reference and delivery, report making and delivery, etc}, clinical research support {clinical trial management, etc}
②　This system should provide the communication tools and data format which are based on the international standard measure, and will exchange the patient basic information, medical care records and image information smoothly.
③　This system should have a function to stock and manage patient clinical data and information (which are independent from database for business use) in the format based on the international standard measures for long-term.
④　This system should possess enough data processors, terminals and networks to archive a required function.
⑤　This system should have interfaces to connect with the equipments and systems already used in each section of the hospital.
⑥　The part of this system which is indispensable for the hospital business must be operated automatically for 24 hours a day, even if it is unmanned, and always operated safely and easily, also it should take enough measures to coop with the system failure.
⑦　This system should have a function to restrict access based on users. Also it should take enough measures to secure privacy and protect security.
⑧　This system must be based on the latest technology to support hospital business and medical services. And the operability and response time must be appropriate for the actual medical care. In addition the secondary utilization of each data must be possible.
⑨　For a stable operation of this system, 24 hours a day monitoring and quick response against failure are needed.
⑸　Time-limit for the submission of the requested material : 5 : 00 P.M October 5th, 2009. (in case of mail, it must be delivered before this time.)
⑹　Contact point for the notice : Kazuhiro Okino, Director, Accounting Division, National Hospital Organization Shikoku Cancer Center, 160 Kou Minamiumemoto, Matsuyama, Ehime, 791—0280, Japan. TEL 089—999—1151

意見招請に関する公示

次のとおり特定調達役務の仕様書案の作成が完了したので、仕様書案に対する意見を招請します。
平成21年８月31日
支出負担行為担当官
関東農政局長　皆川　芳嗣
◎調達機関番号　018　◎所在地番号　11
1　調達内容
⑴　品目分類番号　71、27
⑵　購入等特定役務及び数量　農業農村整備事業総合支援システム運用業務　一式
2　意見の提出方法
⑴　意見の提出期限　平成21年９月21日午後５時（郵送の場合は必着のこと）
⑵　提出先　〒330—9722 埼玉県さいたま市中央区新都心２－１さいたま新都心合同庁舎２号館　関東農政局整備部設計課経理係　佐藤博史　電話048—740—0535
3　仕様書案の交付
⑴　交付期間　平成21年８月31日から平成21年９月21日（行政機関の休日は除く）午前９時15分から午後５時まで
⑵　交付場所　上記２の⑵に同じ
4　Summary
⑴　Classification of the services to be procured : 71, 27
⑵　Nature and quantity of the services to be required : Support system operation for the agriculture and rural development project 1 set
