(d) The aeronautical authorities of either Contracting Party may request consultations with the aeronautical authorities of the other Contracting Party regarding any tariffs of the designated airlines of the Contracting Parties for agreed services. Such consultations shall be held not later than 30 days after receipt of the request. The Contracting Parties shall cooperate in securing information necessary for reasonable resolution of the issues. If the aeronautical authorities of the Contracting Parties reach agreement, the aeronautical authorities of each Contracting Party shall use their best efforts to cause the agreement to be reflected on the tariffs of the designated airlines of that Contracting Party. If no agreement is reached, the decision of the aeronautical authorities of the Contracting Party in whose area the carriage originates shall prevail.

Article 13

The aeronautical authorities of either Contracting Party shall supply to the aeronautical authorities of the other Contracting Party, upon request, such information and statistics relating to traffic carried on the agreed services by the designated airlines of the former Contracting Party to and from the area of the other Contracting Party as may normally be prepared and submitted by the designated airlines to their own aeronautical authorities for publication. Any additional statistical traffic data which the aeronautical authorities of one Contracting Party may desire from the aeronautical authorities of the other Contracting Party shall, upon request, be a subject of mutual discussion between the aeronautical authorities of the Contracting Parties.

Article 14

1. The Contracting Parties reaffirm their obligation to each other to protect the security of civil aviation against acts of unlawful interference. The Contracting Parties shall in particular act in conformity with the aviation security provisions of the Convention on Offences and Certain Other Acts Committed on Board Aircraft, signed at Tokyo on 14 September 1963, the Convention for the Suppression of Unlawful Seizure of Aircraft, signed at The Hague on 16 December 1970, the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation, signed at Montreal on 23 September 1971 and the Protocol for the Suppression of Unlawful Acts of Violence at Airports Serving International Civil Aviation, Supplementary to the Convention for the Suppression of Unlawful Acts against the Safety of Civil Aviation, Done at Montreal on 23 September 1971, signed at Montreal on 24 February 1988.

2. The Contracting Parties shall provide, upon request, all necessary assistance in accordance with their respective laws and regulations to each other to prevent acts of unlawful seizure of civil aircraft and other unlawful acts against the safety of such aircraft, their passengers and crew, airports and air navigation facilities, and any other threat to the security of civil aviation.

3. The Contracting Parties should, in their mutual relations, act in conformity with the aviation security provisions established by the International Civil Aviation Organization and designated as Annexes to the Convention to the extent that such security provisions are applicable to the Contracting Parties. Each Contracting Party should require that its airlines and the operators of airports in its area act in conformity with such aviation security provisions.

4. Each Contracting Party agrees that its airlines may be required to observe the aviation security provisions referred to in paragraph 3 of this Article required by the other Contracting Party for entry into, departure from, or while within, the area of that other Contracting Party. Each Contracting Party should take appropriate measures within its area to protect the aircraft and to inspect passengers, crew, carry-on items, baggage, cargo and aircraft stores prior to and during boarding or loading. Each Contracting Party shall also give sympathetic consideration to any request from the other Contracting Party for reasonable special security measures to meet a particular threat.
