Origin Criteria:

A good shall qualify as an originating good of a Party where:

(a) the good is wholly obtained or produced entirely in the Party, as defined in Article 40;

(b) the good is produced entirely in the Party exclusively from originating materials of the Party; or

(c) the good satisfies the product specific rules set out in Annex 3, when the good is produced entirely in the Party using non-originating materials;

and meets all other applicable requirements of Chapter 3.

Instructions for Completing the Certificate of Origin:

1. For the purposes of claiming preferential tariff treatment, this document shall be completed legibly and in full by the exporter or its authorized representative and issued by the competent authority of the exporting Party or its certification bodies. The certificate shall be completed in the English language. The document shall be no longer valid, if it shows unauthorized modifications made after its issuance.

2. If the space of this document is insufficient to specify the necessary particulars for identifying the goods and other related information, the exporter or its authorized representative may provide the information using additional forms of Certificate of Origin provided for in this Annex. In that case, every additional form of Certificate of Origin shall include the information in Fields 5 through 8, the Certification number and the page number, and shall be completed legibly and in full by the exporter or its authorized representative and certificated by stamp of the competent authority of the exporting Party or its certification bodies.
