Article 10
Entry, Sojourn and Residence of Investors

Each Contracting Party shall, in accordance with its applicable laws and regulations, give sympathetic consideration to applications for the entry, sojourn and residence of a natural person having the nationality of the other Contracting Party who wishes to enter the territory of the former Contracting Party and to remain therein for the purpose of investment activities.

Article 11
Expropriation

1. Neither Contracting Party shall expropriate or nationalise investments in its Area of investors of the other Contracting Party or take any measure equivalent to expropriation or nationalisation (hereinafter referred to as "expropriation") except:

(a) for a public purpose;

(b) in a non-discriminatory manner;

(c) upon payment of prompt, adequate and effective compensation pursuant to paragraphs 2 through 4; and

(d) in accordance with due process of law and Article 4.

2. The compensation shall be equivalent to the fair market value of the expropriated investments at the time when the expropriation was publicly announced or when the expropriation occurred, whichever is the earlier. The fair market value shall not reflect any change in value occurring because the expropriation had become publicly known earlier.

3. The compensation shall be paid without delay and shall include interest at a commercial rate established on a market basis, taking into account the length of time until the time of payment. It shall be effectively realisable and freely transferable and shall be freely convertible into the currency of the Contracting Party of the investors concerned and into freely usable currencies, at the market exchange rate prevailing on the date of expropriation.

4. Without prejudice to the provisions of Article 16, the investors affected by expropriation shall have a right of access to the courts of justice or administrative tribunals or agencies of the Contracting Party making the expropriation to seek a prompt review of the investors' case and the amount of compensation in accordance with the principles set out in this Article.

Article 12
Compensation for Losses or Damages

1. Each Contracting Party shall accord to investors of the other Contracting Party that have suffered loss or damage relating to their investments in the Area of the former Contracting Party due to armed conflict or a state of emergency such as revolution, insurrection, civil disturbance or any other similar event in the Area of that former Contracting Party, treatment, as regards restitution, indemnification, compensation or any other settlement, that is no less favourable than that which it accords to its own investors or to investors of a third party, whichever is more favourable to the investors of the other Contracting Party.

2. Any payment as a means of settlement referred to in paragraph 1 shall be effectively realisable, freely transferable and freely convertible at the market exchange rate prevailing at the time of payment into the currency of the Contracting Party of the investors concerned and freely usable currencies.

Article 13
Subrogation

If a Contracting Party or its designated agency makes a payment to any investor of that Contracting Party under an indemnity, guarantee or insurance contract, pertaining to investments of such investor in the Area of the other Contracting Party, the latter Contracting Party shall recognise the assignment to the former Contracting Party or its designated agency of any right or claim of such investor on account of which such payment is made and shall recognise the right of the former Contracting Party or its designated agency to exercise by virtue of subrogation any such right or claim to the same extent as the original right or claim of the investor. As regards payment to be made to that former Contracting Party or its designated agency by virtue of such assignment of right or claim and the assignment of such payment, Articles 11, 12 and 14 shall apply *mutatis mutandis*.
