(c) not making available to other service suppliers, on a timely basis, technical information about essential facilities and commercially relevant information which are necessary for them to provide services.

Article 10.8
Treatment by Major Suppliers

Each Party shall ensure that major suppliers in its Area accord suppliers of public telecommunications transport networks or services of the other Party treatment no less favourable than such major supplier accords in like circumstances to its subsidiaries, its affiliates, or any non-affiliated service suppliers regarding:

(a) the availability, provisioning, rates or quality of like telecommunications services; and

(b) the availability of technical interfaces necessary for interconnection.

Article 10.9
Resale

Each Party shall ensure that major suppliers of public telecommunications transport networks or services in its Area do not impose unreasonable or discriminatory conditions or limitations which have anticompetitive effects on the resale of such services by suppliers of public telecommunications transport networks or services of the other Party.

Article 10.10
Interconnection

1. Each Party shall ensure that suppliers of public telecommunications transport networks in its Area provide, directly or indirectly, interconnection with the suppliers of public telecommunications transport networks or services of the other Party on commercial terms.

2. Each Party shall ensure that major suppliers in its Area provide interconnection at any technically feasible point in the network. Such interconnection shall be provided:

(a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates, and of a quality no less favourable than that provided for its own like services, for like services of non-affiliated service suppliers or for its subsidiaries or other affiliates;

(b) in a timely fashion, on terms, conditions (including technical standards and specifications) and cost-oriented rates that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the service supplier need not pay for network components or facilities that it does not require for the services to be provided; and

(c) on request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

3. Each Party shall ensure that suppliers of public telecommunications transport networks or services of the other Party may interconnect their facilities and equipment with those of major suppliers in its Area pursuant to at least one of the following options:

(a) a reference interconnection offer, approved by the Party’s telecommunications regulatory body, containing the rates, terms and conditions that the major supplier offers generally to suppliers of public telecommunications transport networks or services;

(b) a standard interconnection offer containing the rates, terms and conditions that the major supplier offers generally to suppliers of public telecommunications transport networks or services;
