Higher educational services supplied as formal education in Japan must be supplied by formal education institutions. Formal education institutions must be established by school juridical persons.

The term "formal education institutions" means elementary schools, lower secondary schools, secondary schools, upper secondary schools, universities, junior colleges, colleges of technology, special support schools and kindergartens.

The term "school juridical person" means a non-profit juridical person established for the purposes of supplying educational services under the law of Japan.
