Section 5
Natural Persons of Mongolia Who Engage in Business Activities Which Require Technology or Knowledge at an Advanced Level on the Basis of a Contract with Public or Private Organizations in Japan

1. Entry and temporary stay for a period of three months, one year or three or five years, which may be extended, shall be granted to a natural person of Mongolia (with respect to grant of entry and temporary stay for a period of three months, only where the expected period of his or her business activity in Japan is three months or less) who will engage in the business activities of supplying services during his or her temporary stay in Japan on the basis of a personal contract with a public or private organization in Japan which correspond to:

(a) the activities that require technology or knowledge at an advanced level pertinent to physical sciences, engineering or other natural sciences, or to human sciences, including jurisprudence, economics, business management and accounting; or

(b) the activities that require ideas and sensitivity based on culture of a country other than Japan, under the status of residence of “Engineer/Specialist in Humanities/International Services”, whose scope is provided for in the Immigration Control and Refugee Recognition Act as amended by the Law for Partial Amendments to the Immigration Control and Refugee Recognition Act (Law No. 74 of 2014).

2. The activities that require technology or knowledge at an advanced level pertinent to natural or human sciences referred to in subparagraph 1(a) mean the activities in which the natural person may not be able to engage without the application of specialized technology or knowledge of natural or human sciences acquired by him or her by, in principle, completing college education (i.e. bachelor’s degree) or higher education.

3. Entry and temporary stay shall be granted under subparagraph 1(a) to a natural person of Mongolia who has not completed college education or higher education, provided that he or she has passed the examinations on information processing technology and will engage in activities referred to in the said subparagraph which require technology or knowledge pertaining to information processing.

4. The examinations referred to in paragraph 3 shall be those falling under the category notified from the Government of Japan to the Government of Mongolia.

Section 6
Accompanying Spouse and Children

1. Entry and temporary stay shall be granted to a spouse and children accompanying a natural person of Mongolia who has been granted entry and temporary stay pursuant to Sections 2 through 5, in principle for the same period as the period of temporary stay granted to the natural person, provided that such spouse and children obtain maintenance from the natural person and engage in daily activities recognized under the status of residence of “Dependents” provided for in the Immigration Control and Refugee Recognition Act.
