with the government. In addition, the tendering group members shall also periodically coordinate with the government so that the services will be implemented in a smooth and efficient manner. A tendering group member may not, solely or jointly with another tendering group participating in the same tender, submit the tender.

(ii) The representative shall satisfy all of the requirements specified in (1) through (3) and (5) through (9) above, and members of the group shall satisfy the requirements specified in items (1) through (3) and (5) through (8) above. With regard to the requirements set out in item (4) above, it is sufficient that the tendering group as a whole satisfies all these requirements; however, the representative and each group member shall have at least one type of qualification for participation in the tendering procedures.
