Article 19

Information on recourse in the port State

1. A Party shall maintain the relevant information available to the public and provide such information, upon written request, to the owner, operator, master or representative of a vessel with regard to any recourse established in accordance with its national laws and regulations concerning port State measures taken by that Party pursuant to Articles 9, 11, 13 or 18, including information pertaining to the public services or judicial institutions available for this purpose, as well as information on whether there is any right to seek compensation in accordance with its national laws and regulations in the event of any loss or damage suffered as a consequence of any alleged unlawful action by the Party.

2. The Party shall inform the flag State, the owner, operator, master or representative, as appropriate, of the outcome of any such recourse. Where other Parties, States or international organizations have been informed of the prior decision pursuant to Articles 9, 11, 13 or 18, the Party shall inform them of any change in its decision.

PART 5

ROLE OF FLAG STATES

Article 20

Role of flag States

1. Each Party shall require the vessels entitled to fly its flag to cooperate with the port State in inspections carried out pursuant to this Agreement.

2. When a Party has clear grounds to believe that a vessel entitled to fly its flag has engaged in IUU fishing or fishing related activities in support of such fishing and is seeking entry to or is in the port of another State, it shall, as appropriate, request that State to inspect the vessel or to take other measures consistent with this Agreement.

3. Each Party shall encourage vessels entitled to fly its flag to land, transship, package and process fish, and use other port services, in ports of States that are acting in accordance with, or in a manner consistent with this Agreement. Parties are encouraged to develop, including through regional fisheries management organizations and FAO, fair, transparent and non-discriminatory procedures for identifying any State that may not be acting in accordance with, or in a manner consistent with, this Agreement.

4. Where, following port State inspection, a flag State Party receives an inspection report indicating that there are clear grounds to believe that a vessel entitled to fly its flag has engaged in IUU fishing or fishing related activities in support of such fishing, it shall immediately and fully investigate the matter and shall, upon sufficient evidence, take enforcement action without delay in accordance with its laws and regulations.

5. Each Party shall, in its capacity as a flag State, report to other Parties, relevant port States and, as appropriate, other relevant States, regional fisheries management organizations and FAO on actions it has taken in respect of vessels entitled to fly its flag that, as a result of port State measures taken pursuant to this Agreement, have been determined to have engaged in IUU fishing or fishing related activities in support of such fishing.

6. Each Party shall ensure that measures applied to vessels entitled to fly its flag are at least as effective in preventing, deterring, and eliminating IUU fishing and fishing related activities in support of such fishing as measures applied to vessels referred to in paragraph 1 of Article 3.

PART 6

REQUIREMENTS OF DEVELOPING STATES

Article 21

Requirements of developing States

1. Parties shall give full recognition to the special requirements of developing States Parties in relation to the implementation of port State measures consistent with this Agreement. To this end, Parties shall, either directly or through FAO, other specialized agencies of the United Nations or other appropriate international organizations and bodies, including regional fisheries management organizations, provide assistance to developing States Parties in order to, *inter alia*:

(a) enhance their ability, in particular the least-developed among them and small island developing States, to develop a legal basis and capacity for the implementation of effective port State measures;

(b) facilitate their participation in any international organizations that promote the effective development and implementation of port State measures; and

(c) facilitate technical assistance to strengthen the development and implementation of port State measures by them, in coordination with relevant international mechanisms.
