Oil

Industry Classification:

Obligations Concerned:　National Treatment (Article 2)

Prohibition of Performance Requirements (Article 6)

Senior Management and Board of Directors (Article 7)

Description:

1.　Israel reserves the right to adopt or maintain any measure with regard to the natural gas sector and to essential services in the oil sector.

2.　Israel may require a petroleum right holder, as defined in the Oil Law, 1952, to supply certain amount of oil or oil products for domestic consumption and usage.

3.　Israel reserves the right to adopt or maintain any measure involving national treatment or performance requirements, with regard to oil distillates and oil refineries and with regard to pipeline transport of oil and natural gas including crude or refined oil and oil products.

4.　Israel reserves the right to adopt or maintain any measure with regard to storage of liquids or gases and bulk storage services of liquids (oil or liquefied gas) or gases and with regard to oil and gas exploration and production.
