Article 14
Calculation of the Amount of Benefits

1. Where entitlement to a Japanese benefit is established by virtue of paragraph 1 of Article 12 or paragraph 1 of Article 13, the competent institution of Japan shall calculate the amount of that benefit in accordance with the legislation of Japan, subject to paragraphs 2 to 5 of this Article.

2. With regard to the Disability Basic Pension and other benefits, the amount of which is a fixed sum granted regardless of the periods of coverage, if the requirements for receiving such benefits are fulfilled by virtue of paragraph 1 of Article 12 or paragraph 1 of Article 13, the amount to be granted shall be calculated according to the proportion of the sum of the periods of contribution and the premium-exempted periods under the pension system from which such benefits will be paid to the theoretical period of coverage referred to in paragraph 4 of this Article.

3. With regard to disability benefits and survivors' benefits under the Employees' Pension Insurance, insofar as the amount of those benefits to be granted is calculated on the basis of the specified period determined by the legislation of Japan when the periods of coverage under the Employees' Pension Insurance are less than that specified period, if the requirements for receiving such benefits are fulfilled by virtue of paragraph 1 of Article 12 or paragraph 1 of Article 13, the amount to be granted shall be calculated according to the proportion of the periods of coverage under the Employees' Pension Insurance to the theoretical period of coverage referred to in paragraph 4 of this Article. However, when the theoretical period of coverage exceeds that specified period, the theoretical period of coverage shall be regarded as equal to that specified period.

4. For the purpose of paragraphs 2 and 3 of this Article, "theoretical period of coverage" means the sum of the following periods (except that it shall not include the period after the month in which the day of recognition of disability occurs or the period beginning with the month in which the day following the day of death occurs):

(a) the period from the month in which the day of attainment of age 20 occurs through the month preceding the month in which the day of attainment of age 60 occurs, except the period before April 1, 1961;

(b) periods of contribution under the legislation of Japan which do not coincide with the period referred to in subparagraph (a) of this paragraph; and

(c) periods of coverage under the legislation of the Philippines which do not coincide with periods referred to in subparagraph (b) of this paragraph, in case the month in which the day of recognition of disability occurs or the month preceding the month in which the day following the day of death occurs is before the period referred to in subparagraph (a) of this paragraph.

5. With regard to the Additional Pension for Spouses which is included in the Old-age Employees' Pension and any other benefits that may be granted as a fixed sum in cases where the periods of coverage under the Employees' Pension Insurance equal or exceed the specified period determined by the legislation of Japan, if the requirements for receiving such benefits are fulfilled by virtue of paragraph 1 of Article 12, the amount to be granted shall be calculated according to the proportion of those periods of coverage under the Employees' Pension Insurance to that specified period.

Article 15

Article 4 shall not affect the provisions on complementary periods for Japanese nationals on the basis of ordinary residence outside the territory of Japan under the legislation of Japan.
