Article 9
ASSOCIATED ENTERPRISES

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that Contracting State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

3. Notwithstanding the provisions of paragraph 1, a Contracting State shall not change the profits of an enterprise of that Contracting State in the circumstances referred to in that paragraph after the expiry of the time limits provided for in the laws of that Contracting State and, in any case, after ten years from the end of the taxable year in which the profits that would be subjected to such change would, but for the conditions referred to in that paragraph, have accrued to that enterprise. The provisions of this paragraph shall not apply in the case of fraud or wilful default.

3. Notwithstanding the provisions of paragraph 2, dividends paid by a company which is a resident of a Contracting State and beneficially owned by a person, other than an individual, who is a resident of the other Contracting State shall be taxable only in that other Contracting State.

4. The provisions of paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

5. The provisions of paragraph 3 shall not apply in the case of dividends which are deductible in computing the taxable income of the company paying the dividends in the Contracting State of which the company is a resident.

6. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.
