ARTICLE 2.18

Remanufactured goods

1. Unless otherwise provided for in this Agreement, each Party shall provide that remanufactured goods are treated as new goods. Each Party may require that remanufactured goods be identified as such for distribution or sale.

2. For the purposes of this Article, "remanufactured goods" means goods classified under heading 40.12, Chapters 84 to 90 or heading 94.02 of the Harmonized System that:[1]

(a) are entirely or partially composed of parts obtained from used goods;

(b) have a similar life expectancy and performance compared to such goods, when new; and

(c) have a factory warranty similar to that applicable to such goods, when new.

[1] For greater certainty, the references to the tariff classification number of the Harmonized System in this Chapter are based on the Harmonized System, as amended on 1 January 2017.

ARTICLE 2.19

Non-tariff measures

1. Specific commitments relating to non-tariff measures on goods by each Party are set out in Annexes 2-C and 2-D.

2. After 10 years from the date of entry into force of this Agreement, or on request of a Party, the Parties shall evaluate whether issues resulting from non-tariff measures on goods can be addressed effectively within the framework of this Agreement. As a result of this evaluation, the Parties shall enter into consultations to consider broadening the scope of existing commitments or undertaking additional commitments of mutual interest on non-tariff measures on goods, including on cooperation. On the basis of those consultations, the Parties may agree to enter into negotiations of mutual interest. In implementing this paragraph, the Parties shall take into account the experience gained during the preceding period of implementation of this Agreement.
