5. Each Party shall ensure that a supplier of public telecommunications transport networks or services affected by a decision of its regulatory authority or independent appeal body, if the latter is not a judicial authority, may obtain further review of that decision by an independent judicial authority, except if the supplier has accepted a procedure where the regulatory authority or independent appeal body issues a final decision, in accordance with the laws and regulations of the Party.

6. A Party shall not permit an application for review by an appeal body or a judicial authority to constitute grounds for non-compliance with the determination or decision of the regulatory authority unless the relevant appeal body or judicial authority withholds, suspends or repeals such determination or decision.

7. The procedure referred to in paragraphs 1 to 3 shall not preclude either party concerned from bringing an action before the judicial authorities.

ARTICLE 8.55

Relation to international organisations

The Parties recognise the importance of international standards for global compatibility and inter-operability of telecommunications transport networks and services, and undertake to promote those standards through the work of relevant international bodies, including the International Telecommunication Union and the International Organization for Standardization.

ARTICLE 8.56

Confidentiality of information

Each Party shall ensure the confidentiality of telecommunications and related traffic data of users over public telecommunications transport networks and services without unduly restricting trade in services.
