5. The suspension of concessions or other obligations or the compensation or any alternative arrangement referred to in this Article shall be temporary and shall only apply until the inconsistency of the measure with the relevant covered provisions which has been found in the final report has been removed, or until the Parties have agreed on a mutually satisfactory compensation or any alternative arrangement.

6. If the Party complained against considers that the suspension of concessions or other obligations does not comply with paragraph 4, that Party may request in writing the original panel to examine the matter no later than 15 days after the date of receipt of the notification referred to in paragraph 2. That request shall be notified simultaneously to the complaining Party. The original panel shall notify to the Parties its decision on the matter no later than 30 days after the date of submission of the request. Concessions or other obligations shall not be suspended until the original panel has notified its decision. The suspension of concessions or other obligations shall be consistent with the decision.

ARTICLE 21.23

Compliance review after the adoption of temporary remedies

1. Upon the notification by the Party complained against to the complaining Party of the measure taken to comply with the final report:

(a) in a situation where the right to suspend concessions or other obligations has been exercised by the complaining Party in accordance with Article 21.22, the complaining Party shall terminate the suspension of concessions or other obligations no later than 30 days after the date of receipt of the notification, with the exception of the cases referred to in paragraph 2; or

(b) in a situation where mutually satisfactory compensation or an alternative arrangement has been agreed, the Party complained against may terminate the application of such compensation or arrangement no later than 30 days after the date of receipt of the notification, with the exception of the cases referred to in paragraph 2.
