Basic telecommunication services o*) Other services - Virtual Private Network (VPN)[18]	1) None, except: *Wire-based and mobile terrestrial services:* Service must be offered through commercial arrangements with an entity established in Viet Nam and licensed to provide international telecommunication services. *Satellite-based services:* Subject to commercial arrangements with Vietnamese international satellite service suppliers duly licensed in Viet Nam, except satellite-based services offered to:	1) None	For consortium submarine cable links where Viet Nam is member, foreign service suppliers shall be permitted to control fully-owned submarine cable transmission capacity (e.g. IRU or consortium ownership) terminating at a licensed cable landing station in Viet Nam, and to provide such capacity to international facilities-based service suppliers licensed in Viet Nam and international VPN and IXP service suppliers licensed in Viet Nam.

18 Services, provided on commercial terms, establishing and managing a private network over public (shared) networks for the purpose of carrying out, on a non-profit basis, voice and data telecommunications between members of a closed user group defined prior to the creation of the VPN. Such group may include a corporate group or organization, or a group of legal entities with an established relationship affiliated through the pursuit of a common interest. Initial members of a closed user group using VPN service must be listed in a dialling or routing plan approved by the Competent Authority and subject to its oversight. VPN service suppliers shall notify to the Competent Authority changes of membership at least two working weeks prior to actually commencing commercial service and can commence commercial service provided that no objection from the Competent Authority is issued during these two weeks. Members are not allowed to resell VPN services to unaffiliated third parties. Virtual private networks are not allowed to carry/transfer traffic of/between unaffiliated third parties. VPN services can be offered by licensed foreign-invested service suppliers bundled with Internet access service and value-added services from (h) to (n).
