5. For a product of headings 51.06 to 51.10 and 52.04 to 52.07, non-originating man-made fibres may be used in the process of spinning of natural fibres, provided that their total weight does not exceed 40 per cent of the weight of the product.

Note 8

Other tolerances applicable to certain textile products

1. Where reference to this Note is made in Annex 3-B, non-originating textile materials (with the exception of linings and interlinings) which do not satisfy the requirements set out in its Column 2 for a made-up textile product may be used, provided that they are classified under a heading other than that of the product and that their total value does not exceed eight per cent of the EXW or FOB of the product.

2. For the purposes of determining whether a product classified under Chapters 61 to 63 is originating, the product specific rule of origin set out in Column 2 of Annex 3-B that is applicable to that product shall apply only to the component that determines the tariff classification of the product and such component must satisfy the requirements of the production process or the change in tariff classification set out in the product specific rule of origin for that product.

3. Where a requirement set out in Column 2 of Annex 3-B consists in a maximum value of non-originating materials, the value of the non-originating materials which are not classified under Chapters 50 to 63 shall be taken into account in the calculation of the value of the non-originating materials.
