(f) in accordance with the provisions of Article 29 of this Annex, defining procedures to ensure the continued confidence of each Party in the reliability of the other Party's processes for findings of compliance;

(g) analysing and taking action regarding the implementation of the procedures referred to in subparagraph (f); and

(h) reporting unresolved issues to the Joint Committee and ensuring the implementation of decisions taken by the Joint Committee regarding this Annex.

SECTION C

IMPLEMENTATION

ARTICLE 5

Competent authorities for design certification, production certification and export certificates

1. Competent authorities for design certification are:

(a) for the European Union: the European Union Aviation Safety Agency; and

(b) for Japan: the Civil Aviation Bureau of the Ministry of Land, Infrastructure, Transport and Tourism of Japan.

2. Competent authorities for production certification and export certificates are:

(a) for the European Union: the European Union Aviation Safety Agency and the competent authorities of the Member States of the European Union. As regards an export certificate for used aircraft, it is the competent authority of the State of Registry for the aircraft from which the aircraft is exported; and

(b) for Japan: the Civil Aviation Bureau of the Ministry of Land, Infrastructure, Transport and Tourism of Japan.

ARTICLE 6

Technical implementation procedures

1. The technical implementation procedures shall be developed by the technical agents through the Certification Oversight Board in order to provide specific procedures to facilitate the implementation of this Annex, by defining the procedures for communication activities between the competent authorities of the Parties.
