4. The provisions of paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

5. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other Contracting State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other Contracting State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other Contracting State.

ARTICLE 11
INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, interest arising in a Contracting State may also be taxed in that Contracting State according to the laws of that Contracting State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed:

(a) 5 per cent of the gross amount of the interest if:

(i) the beneficial owner of the interest is a bank, an insurance company or a securities dealer;

(ii) the beneficial owner of the interest is a recognised pension fund, provided that such interest is derived from the activities referred to in clause (i) or (ii) of subparagraph (l) of paragraph 1 of Article 3; or

(iii) the interest is paid with respect to debt-claims arising as a part of the sale of equipment or merchandise, or the provision of services, on credit by a resident of that other Contracting State;

(b) 10 per cent of the gross amount of the interest in all other cases.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be taxable only in the other Contracting State if:

(a) the interest is beneficially owned by that other Contracting State, a political subdivision or local authority thereof, the central bank of that other Contracting State or any institution wholly owned by that other Contracting State or a political subdivision or local authority thereof; or

(b) the interest is beneficially owned by a resident of that other Contracting State with respect to debt-claims guaranteed, insured or indirectly financed by that other Contracting State, a political subdivision or local authority thereof, the central bank of that other Contracting State or any institution wholly owned by that other Contracting State or a political subdivision or local authority thereof.
